

NDSRT 2008 Conference Report 2-1-08

We intend to have six CEU on Friday and 6 CEUs on Saturday. We have eight speakers committed to Friday and Saturday. We are working with vendors to sponsor 6 CEU s for mammography and 6 CEU s for ultrasound which would be scheduled as breakout sessions on Saturday.

The Conference Committee continues to meet to finalized details of entertainment, facilities and speaker commitment. I have sent out notices to vendors to sponsor breaks, gift certificates, speakers or monies for booth space.

We'll be sending Speaker materials in to ASRT by the end of February for CEU approval.
