Annual Report  
Fargo, ND

What another fast and exciting year in the NDSRT. The year started with a full board at the end of the last convention. We had our first meeting before we left Bismarck and became acquainted with everyone and with what is expected of you from the board.

The second meeting was held in July. We continued with our board duties and was brought up to speed on what was happening at the ASRT. Becky and Amy brought back information that we could work with in our own society.

The third meeting was in October. We started to talk about the convention in Fargo. We were in contact with the Fargo convention chairs. We talked about what we as a board need to get done before the end of the 2008 year. We needed to get out the scholarship and paper essays papers so the recipient had time to turn in their work. We adjourned and wished everyone a happy holiday season. Before the end of the year we signed an agreement with Cvent. They are a company that is going to try and help us increase our membership. Eventually we will be trying to get ride of the papers we mail out for membership and eventually convention. We had a ruff start, but hopefully with using this we'll get more comfortable with the process.

The fourth meeting was in February. We meet and had a good meeting getting lots of things done and approved for convention. Nancy Johnson and staff have worked very hard in putting this convention together. Thanks to them for all their hard work. A few weeks after our last meeting, our Pres-elect had resigned for personal reasons. So if any member is looking to join, now is the time. I encourage anyone to become a member. It is a fun and rewarding experience.

In closing, I look forward to seeing all in Fargo for a good time of education and pleasure. Take care and have a nice spring.

Respectfully submitted,

Tina Rodgers BSRT (R) (CT)
