Recognized national testing and certification body of the profession: American Registry of Radiologic Technologists (ARRT)

NDAC 33-10-06-03.1.a(2)(a). General diagnostic operators are not limited in scope of practice. Obtaining general diagnostic operator status will consist of one of the following:

- [1] Obtain board eligibility or board certification with the American registry of radiologic technologists (ARRT);
- [2] Obtain board eligibility or board certification with the American chiropractic registry of radiologic technologists (ACRRT); and only perform x-ray examinations for chiropractic services;
- [3] Receive department approval, through individual consideration, by demonstration of an acceptable level of education and clinical training; or
- [4] Demonstrate current enrollment in an educational program accredited by a process acceptable to the department, and provide documentation of competency in all routine radiographic procedures and specialty views.
